**Serving the Development Industry for over 30 years**

Developing Leaders Snack Pack Project

The Developing Leaders Committee chose [Alternative House](#) to support as part of their community outreach. Alternative House is a local organization that provides counseling, shelter and neighborhood-based support services for children, youth and families.

For the third year, the DLs planned a donation of Snack Packs - small baggies of food that the Alternative House provides to children who participate in some of their programs. DL volunteers set a goal of donating 2000 Snack Packs.

On August 18-19, they met their goal and delivered 2000 Packs (over 14,000 units of food), plus surplus food, to the [Culmore Teen Center](#), where Alternative House holds the after-school program. More than 50 chapter DLs, along with a few potential DLs, volunteered to help with the project.
